Interview with Teacher D. Brazdeikis

Interviewers: Gintarė Bagočiūnaitė, Gabrielė Raziūnaitė

-What gives you the greatest strength in teacher's work?

-As vampires or animals get energy from somebody, so probably I get energy from students. If you work in the retirement homes, it will be very difficult for you to live, because you will see and feel only sorrow, sadness. At school I am among children and they "recharge" me. So, I think that students provide energy.

- What song would you sing or play in "Lithuania got Talents"?

-In "Lithuania got Talents"? I don't know, maybe something from Elvis Presley's or Frank Sinatra's repertoire.

-If you fell on a desert island and if you had only a hammer, what would you do with it?

-I would make other necessary tools with this hammer. I would try to adapt to the situation.

- If students enclosed you inside a huge box, how would you ask them to free you?

-Perhaps first I would get angry, but then I would try to trick them as small children, for example: what a nice ark, you know, you can hide there, here's so much fun. And then they would be tempted to climb into the ark.

-What would you tell your children if you were 80 ?

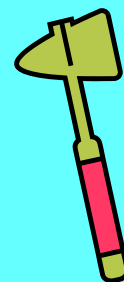

-The exact same thing like now.

-What superhero would you like to be?

-The invisible man.

-What do you do in your free time?

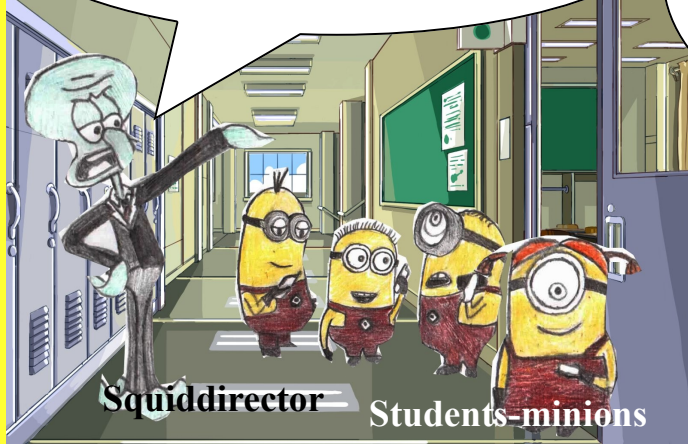

- At this moment I don't have any free time, but if I had some then my family and me would participate in Klaipėda's ethno-cultural folklore ensemble.

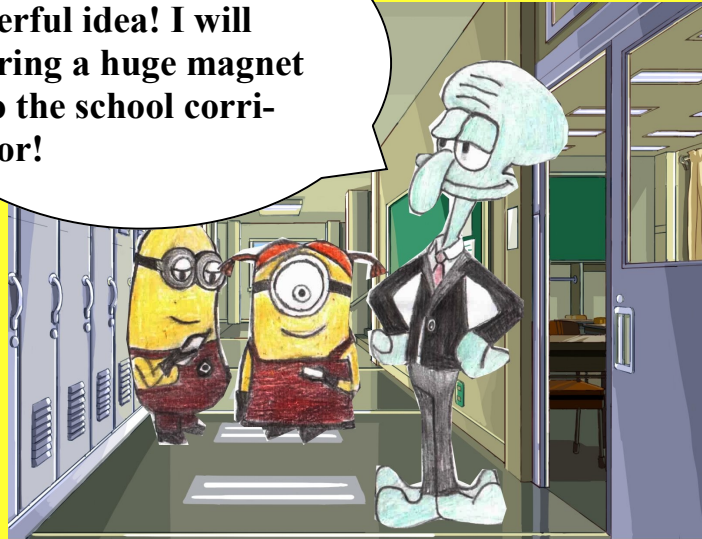

School Superheroes

Cartoon Artist:
Gabrielė
Raziūnaite

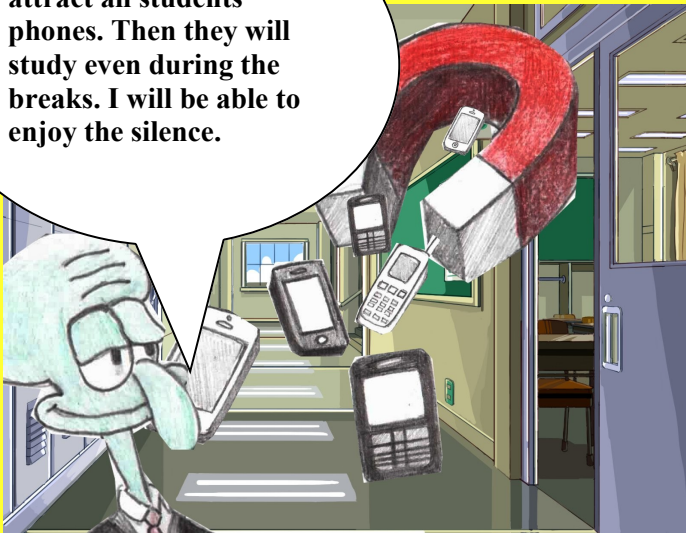

It's terrrrrible! Your phones disturb me every break. Too bad that didn't kill me...

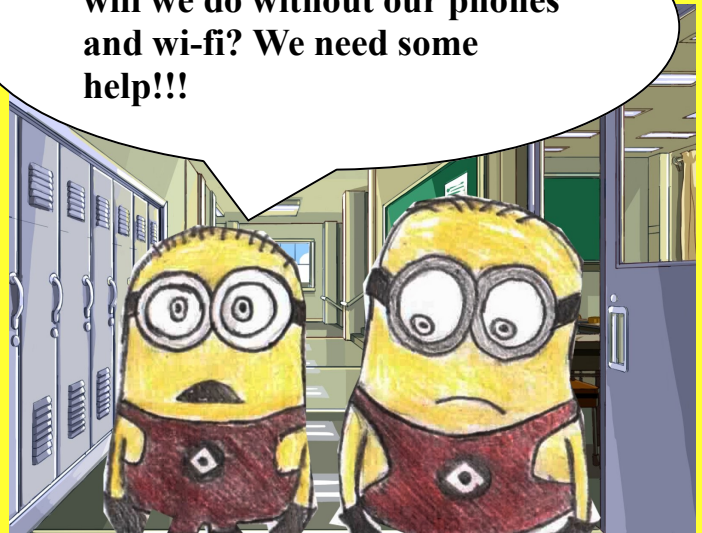

Ohh... I have a wonderful idea! I will bring a huge magnet to the school corridor!

This huge magnet will attract all students' phones. Then they will study even during the breaks. I will be able to enjoy the silence.

Oh no... It's impossible. What will we do without our phones and wi-fi? We need some help!!!

Reda
Bubbles

Janina
Blossom

Laima
Buttercup

Don't worry, we could help! We're Lithuanian power teachers. We have magic pens, which can quickly beat this magnet!

We have forgotten, that our pens are metal... We need some help!!!

Something strange is going on.

Pink Renata

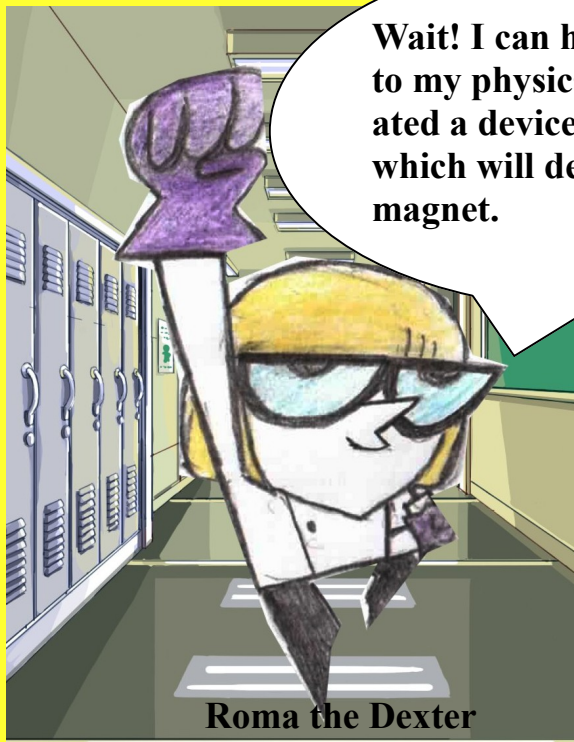

Smile pretty, say pink and I will perform this task. My super-duper weights will help me.

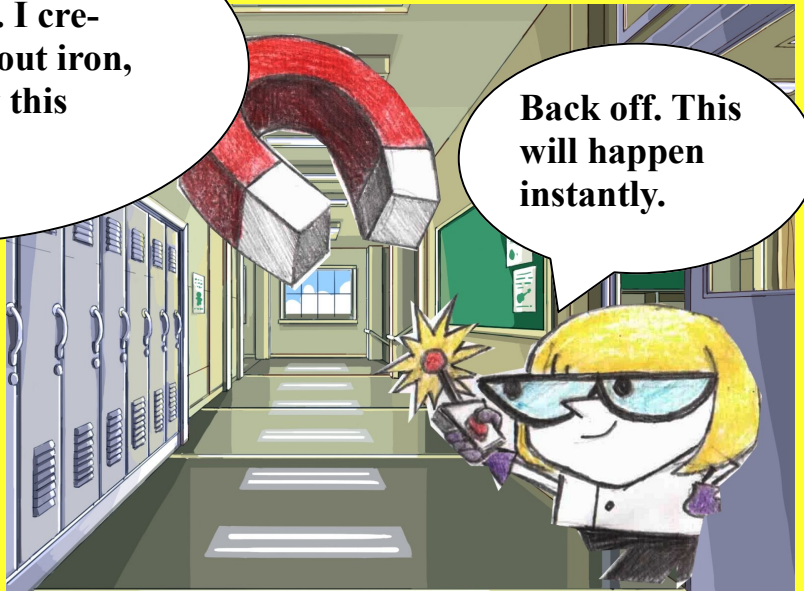

Oh no! Magnet will attract the iron. We are doomed!

Wait! I can help. Welcome to my physics' lab. I created a device without iron, which will destroy this magnet.

Roma the Dexter

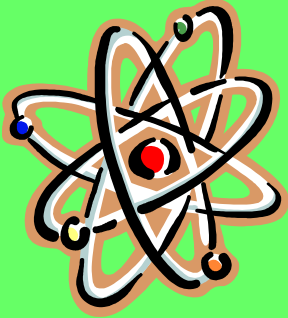

Back off. This will happen instantly.

We are saved!

Interview with our School Headmaster S. Ruiba

Interviewer: Ieva Tamolytė

What is your favourite part of your personality?
Punctuality and keeping one's faith.

What do you do differently than other people?

Hmm...an interesting question...I do not smoke, which is really popular. Also, I use alcohol really moderately. Actually, I try to do everything that I can to lead a healthy life and I wish it to everyone else too.

If you knew that the world is going to end, what 3 things would you do?

It's said that you always need to pay up all the debts. So, I would definitely do that, and of course, I'm talking not just about monetary debts.

If you could choose one famous physician and ask him just one question, who and what question it would be?

I think that Albert Einstein was the one, who connected future with the concept of the world those days he was alive. My question would be: "Where are you going, the world?"

What parts of your job do you like and hate?

You know, a teacher's job is many-sided. It is hard to say only something positive or negative. Even, if you think that something is negative, after a while all you see there is something positive too. It seems that sometimes you can't get the key to student's heart, but after many years he thanks you that you communicated and helped him to understand something. Even, if back in those days there was like a wall between us.

What is your favourite dish in our school canteen?

Actually, I couldn't choose. I like mostly all of them.

How much sugar do you put to your coffee?

Just a lump of sugar.

2014 Spring

Interview with Teacher **R. Paulauskienė**

Interviewer: Ema Virketytė

-What are your secret talents?

-It's a tough question. Maybe my secret talent is to communicate with people and desire to always help them.

-If you were a road sign, what would you say?

-In my life usually I'm a zebra crossing, you know, everyone finds the way to my home, to my class, everyone is chatting, consulting and discussing with me. I like to do that, but if I couldn't be a zebra crossing, I would be no entry sign, because now I really like to take a rest, concentrate and on new ideas.

-What is your motto?

-Never get gloomy, live in an interesting way and if your day is not exciting, you should find at least one moment, which would make that day worth remembering.

-How would you describe yourself in 3 words?

-Madly good middle-aged woman because being that age I'm convinced that goodness is not a profession, sometimes it's a vice and I have it.

-Who inspires you?

-Me myself and I.

-Imagine that you have an alligator, where would you keep it?

-In my bed.

-Do you suffer from sleepwalking?

-No I don't. I can't. I'm afraid to wake my dog up.

-There are 3 different nationality people- German, Japanese and Brazil. Who of them you would like to go shopping, to travel and to have a breakfast with?

-With a German I would like to go shopping, because he's economical, with a Brazilian to travel and with Japanese to have a breakfast.

STREET STYLE FASHION OF VDG

***Vytautė's* leather jacket (must-have for this season's cooler days) instantly adds edge and makes an outfit look fabulous!**

Seems that *Andrius'* slogan this season is „BLUE IS THE NEW BLACK!“. And Yes, in addition to the Facebook color match, „Dazzling blue“ is top colour for spring 2014.

***Modestas'* look says that the bucket hat is back!**

This accessory has already become a favourite for all the street style lovers. Seems that *Modestas* does fancy that sassy 90s style too.

Whenever you don't know what to wear, just simply add some bright details your simple outfit. It will also look more playful and even crazy, just how *Vytautė&Rūta* did.

Seems that *Edvinas&Šarūnas* also are keeping up with the latest healthy life trend. „Exercise anytime, anywhere“, but before that boys recommend to search for some really fabulously looking workout clothes.

Not an astonishment that *Tautvydas* is Mad for Plaid too, because this cool pattern is your wardrobe's must-have, this season.

***Akvilė* simply recommends to wear the shades that you love or that show your personality, how you're feeling.**

**This spring's biggest trend „slip on sneakers” is absolutely approved by these two very fashionably looking lads
*Rokas&Šarūnas.***

Now the ball is in your court, denim kings and queens! Basically, denim has been on trend since the last spring, but it's still one of the must-haves and *Auris* knows it.

Paulina knows how to make the street style work for and ripped jeans is the answer to all this season's problems.

Laura, Agné and Kotryna approve that pastel colours, floral patterns, colorful sneakers always match and look stunning.

Ernesta's lovely skater dress screams summer! It perfectly shows that every girl should get a one while preparing for the hot summer holidays.

***Julius* seems to
fancy our school uni-
form
and recommends
while being stylish not
to forget it! It is a
uniform after all.**

***PE Teacher Bartninkas*
is
absolutely rocking
„Adidas“ from
head to toe. Is he some
secret three
stripes fan?!**
